

In every effort to keep members informed on the changed requirements between zones, please see the link below for the updated Mandatory Order dated November 26th, 2020.

<https://www2.gnb.ca/content/dam/gnb/Corporate/pdf/EmergencyUrgence19.pdf>

Additionally, please see below for a description of new carpooling rules within various phase levels.

RED / ORANGE

- **NEW:** Driving with members of your single household bubble or caregiver is permitted and masks are not required.
- **NEW:** Carpooling with others for work, school, medical appointments, or to access essential services such as groceries is permitted. When carpooling, continuous masking and maintaining social distancing is required. If possible, only transport passengers outside your single household bubble in the back seat. Drivers must screen potential passengers for signs of illness, and drivers or passengers who are ill or who have been told to self-isolate by Public Health must stay home. Maximize ventilation in the vehicle, and do not recirculate the air. Clean and disinfect all surfaces that may have been touched by the passenger.

YELLOW

- **NEW:** Driving with members of your single household bubble or caregiver is permitted and masks are not required.
- **NEW:** Carpooling is permitted but it is important to still take precautions like wearing masks and practicing good respiratory etiquette. Drivers should screen potential passengers for signs of illness, and drivers or passengers who are ill or who have been told to self-isolate by Public Health must stay home. Maximize ventilation in the vehicle, and do not recirculate the air. Clean and disinfect all surfaces that may have been touched by the passenger.
