

NICHOLAS FUDGE ARCHITECTS INC

5514 Falkland Street
Halifax, NS B3K 1A3
www.nicholasfudge.com

Nicholas Fudge Architects is seeking a talented intern architect or licensed architect with serious design skills. We are a small design studio with a modern esthetic. Our projects are mainly residential and commercial and encompass both site-built and prefab construction. The successful applicant will work closely with the principal and lead architects on all aspects of our projects, with a focus on design, construction drawings, and contract administration.

We are looking for someone with a keen design sense who can work independently, handle responsibility, can easily adapt to different projects and tasks, has excellent communication skills, and is interested in working in a small firm atmosphere. An appreciation for ping pong is a bonus. The successful applicant should have a Master of Architecture degree, be proficient in Auto Cad, Sketch Up, Adobe Creative Cloud, rendering software, and Revit. We offer competitive compensation and benefits.

Please email samples of your design work along with a resume, cover letter, and references to: lydia@nicholasfudge.com. We will be receiving applications until December 15, 2021.
