**JOB DESCRIPTION:** JUNIOR ARCHITECT

**POSTING DATE:** May 2022

**AVAILABILITY:** Immediate

**COMMITMENT:** Part-Time or Full-Time

**STUDIO SHIRSHEKAR INC.**

Contact: info@shirshekar.com

## **STUDIO DESCRIPTION**

Design brings engagement, sophistication and civility. Studio Shirshekar brings a commitment to design. We have a clarity of vision and a uniquely tailored methodology for every client and context. By using an integrated approach to interior and exterior spaces, we focus on functionality, programming and refined materiality. Design, combined with passion and perseverance, is our solution to optimal living, working and community.

## **Our projects include architectural and interior:**

- retail / commercial
- academic / institutional
- cultural
- civil
- residential

## **SKILLS REQUIRED**

1. A clear understanding of how to read architectural drawings is required.
2. High level AutoCAD proficiency and the ability to participate in the production of architectural drawings.
3. Proficiency in Revit is a plus.
4. High level proficiency in Sketchup.
5. Proficiency in all other standard software including: Adobe InDesign, Illustrator, Photoshop and Microsoft Office.
6. Must have good physical model building and graphic skills. Craftsmanship is a must.
7. Excellent verbal and written communication skills.
8. Demonstrate passion and enthusiasm for architecture and interior design

## **TASKS MAY INCLUDE**

1. Being a key member of an architectural project team while assisting with the production of schematic, design development, and construction drawings.
2. Building physical models to be used as design studies and final presentations.
3. Producing 3D images, rendering, animations, as well as presentation material.
4. Producing measured drawings from existing site conditions.
5. Correcting red-line markups.
6. Updating sample and material library and contacting suppliers for latest information.
7. Participating in consultant coordination meetings and tasks.
